The JET Programme

The JET (The Japan Exchange and Teaching) is a Japanese government sponsored exchange programme that aims to improve foreign language teaching at elementary and secondary schools and to promote international understanding in Japan.

The programme brochures are available for collection at the General Office of the Centre for Language Studies (AS4/02-05). If you are reading a Japanese language module this semester, you can also watch a promotional video of the programme at your Japanese language module IVLE site under Multimedia.

Further details of the programme can be found at the JET Programme website:  [http://www.jetprogramme.org/](http://www.jetprogramme.org/).
